

Whole Brain[®] Champions

Accelerate team success with Herrmann's Whole Brain[®] Champion program

What is a Whole Brain[®] Champion?

A Champion is a guide qualified to help teams apply Whole Brain[®] Thinking by providing tools and activities, recommending solutions, and answering questions. Champions do all of this in the flow of work, so teams can power through any challenge throughout their day.

Note: Any Thinker can become a Champion! All that is needed to enter the training is having completed the HBDI[®] and journey and an enthusiasm for Whole Brain[®] Thinking.

What Whole Brain[®] Champion training includes:

The program offers an engaging, self-paced learning experience that takes less than one day to complete. Champions learn the essential skills for applying Whole Brain[®] Thinking in teams, including understanding individual and team HBDI[®] profiles and mastering the Team Accelerator Tools.

Champions will be prepared to improve team results by immediately applying tools that advance communication, decision-making, and problem-solving. Effective training for effective Champions.

Champions will:

Use the Thinker Portal and Herrmann LMS to access learnings, tools, and insights

Offer focused knowledge of team profiles

Help teams apply tools that build trust and increase collaboration

Be a resource for general Whole Brain[®] Thinking and HBDI[®] questions

Be a consistent and knowledgeable resource for finding the right tool to meet their teams' needs

Champions will not:

A CP will continue to own the following actions:

Gain deep knowledge of the Herrmann platform (i.e. Thinker Portal, Axon, Practitioner Portal etc.)

Interpret and debrief individual and team profiles

Facilitate in-depth sessions on Whole Brain[®] Thinking and lead more complex activities

Plan and Implement Whole Brain[®] Thinking with organizations and teams to scale its application

Answer in-depth and technical questions related to Whole Brain[®] Thinking and the HBDI[®]
